# YOHAN

Since there are quite a few new students in Hobart High School each year who are unacquainted with Yohan, we would like to explain who Yohan is. The following excerpt is taken from an interview between Yohan and a reporter for the Ho-Hi Life:

"Yohan Petrovich...that's me. I'm what some people might call a genie, but I'm not really, I'm just an unattached spirit that floats around school.

I've been here for quite a while; in fact, I've been here since 1910. That's when the school was built.

I wasn't discovered until 1942, when I projected myself into George Zupko's subconscious mind and coaxed him to write my name on a study hall list. That was the first time I was heard of but, of course, I was here all the time.

You know that little character that's layin' brick, well that's me. No one realized it until I planted the idea of using the little Brickie as my earthly self. Later they honored me by using my picture in the box, "Yohan Says." You can imagine how proud I was. Look for me. I'll be waiting for you."

## HOBART FIGHT SONG

OH, OUR TEAM WILL SHINE TONIGHT  
OUR TEAM WILL SHINE  
OUR TEAM WILL SHINE TONIGHT  
OUR TEAM WILL SHINE  
OUR TEAM WILL SHINE TONIGHT  
OUR TEAM WILL SHINE  
WHEN THE SUN GOES DOWN  
AND THE MOON COMES UP  
OUR TEAM WILL SHINE - GO TEAM GO  
OH, WHEN THE HOBART BRICKIES

WE'RE GONNA WIN THIS GAME  
ANOTHER TIME  
AND FOR THAT DEAR OLD SCHOOL  
WE LOVE SO WELL  
AND FOR THAT OLD BALL TEAM  
WE'LL YELL AND YELL AND YELL  
WE'RE GONNA FIGHT, FIGHT, FIGHT  
FOR EVERY SCORE  
WE'RE GONNA WIN THIS GAME AND  
THEN SOME MORE  
WE'RE GONNA ROLL THOSE (opponent)  
ON THE SIDE, ON THE SIDE...

# I. GENERAL INFORMATION

## FOREWORD

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and guidelines. Please take time to become familiar with the following important information contained in this handbook and keep the handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this handbook, you are encouraged to talk to the school principal. This handbook replaces all prior handbooks and other written material on the same subjects. This handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of June 2024. If any of the policies or administrative guidelines referenced herein are revised after June 2024, the language in the most current policy or administrative guideline prevails. The rules you are about to read in this student handbook are in addition to our broad, discretionary authority to maintain safety, order, and discipline inside the school zone. These rules support but do not limit our authority. Upon entering a school zone, you are subject to all school rules. School zones include all School City of Hobart buildings and grounds, busses, bus stops, and school sponsored event locations. Copies of current Board policies and administrative guidelines are available from the building principal and on the Corporation's web site: <http://www.hobart.k12.in.us>. Adopted June 6, 2024.

Many times it will be the responsibility of the student to deliver that information. If necessary, the U.S. Mail or hand delivery may be used to ensure contact. Parents are encouraged to establish constructive communication channels with their child's teachers and support staff and to inform the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

The staff expects students to arrive at school prepared to learn. It is the student's responsibility to arrive on time and be prepared to participate in the educational process. If, for some reason this is not possible, the student should seek help from the school Principal. Likewise, students will be expected to respect the rights of their fellow students and staff.

## STUDENT WELL-BEING

Student safety is a responsibility of the students and the staff. All staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist attack or other violent attack, and accident reporting procedures. Should a student be aware of any dangerous situation or accident, he/she must immediately notify any staff member.

All students must have an emergency medical card completed by a parent or guardian, turned in to the school office. Throughout the year, please update the form with any changes such as address, phone number, medical needs/concerns, etc.

Students with specific health care needs should submit those needs in writing and with proper documentation by a physician, to the school office.

## INJURY AND ILLNESS

All injuries must be reported to a teacher, other school employee or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission from the teacher to go to the office. The office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission.

## IMMUNIZATIONS

Students must provide documentation that complies with the rules set forth by the Indiana State Board of Health that all immunizations required by law are current, including but not limited to diphtheria, pertussis, tetanus, measles, rubella, poliomyelitis, mumps, varicella, hepatitis A, hepatitis B, and meningitis or have an authorized exemption from State immunization requirements (I.C. 20-34-3-2 or I.C. 20-34-3-3). From time-to-time other communicable diseases may be designated by the State Board of Health as diseases that require immunizations. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a communicable disease epidemic regarding required immunizations, the Superintendent may temporarily deny admission to a student otherwise exempted from the designated disease lacking the immunization. Any questions about immunizations or exemptions should be directed to the school nurse.

Information concerning meningococcal disease (meningitis) and its vaccine shall be provided to students and parents at the beginning of the school year by the Superintendent. The information must include information concerning the causes, symptoms and spread of meningococcal diseases and places where parents may obtain additional information and vaccinations for their children. The parent of each student entering grade 6 shall be provided with information prescribed by the State Department of Health concerning the link between cancer and the Human Papillomavirus (HPV) infection and that an immunization against the HPV infection is available.

## USE OF MEDICATIONS

In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed.

- A. Parents should, with their physician's counsel, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The Authorization to Administer Prescription/Non-Prescription Medication form must be filed with the respective building Principal before the student will be allowed to begin taking any medication during School hours.
- C. All medications must be registered with the Principal's office.
- D. Medication that is brought to the office will be properly secured. Medication MAY NOT be sent to School in a student's lunch box, pocket, or other means on or about his/her person, except for emergency medications.
- E. Students who may require administration of an emergency medication may have such medication stored in the office. However, if authorization for self-medication has been provided by the parent and physician the student may retain possession of the self-administered medications.
- F. A school may send home medication that is possessed by the school for administration during school hours or at school functions with a student in grades 9 - 12, if the student's parent provides written permission for the student to receive the medication.
- G. Any unused medication unclaimed by the parent will be destroyed by School personnel when a prescription is no longer to be administered or at the end of the School year.
- H. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.
- I. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.

### A. Self-Administered Medication

A student may possess and self-administer medication for chronic diseases or medical conditions provided the student's parent files a written authorization with the principal. The written authorization must be filed annually. A physician's written statement or a pharmacy prescription label must be included with the parent's authorization.

The physician's statement must include the following information:

- A. An acute or chronic disease or medical condition exists for which the medication is prescribed.
- B. The student has been given instruction as how to self-administer the medication.
- C. The nature of the disease or medical condition requires emergency administration of the medication.

The School or School Board is not liable for civil damages as a result of a student's self-administration of medication for an acute or chronic disease or medical condition except for an act or omission amounting to gross negligence or willful and wanton misconduct.

## **B. Non-prescribed (Over-the Counter) Medications**

No staff member will be permitted to dispense non-prescribed, over-the-counter (OTC) medication to any student.

Parents may authorize the school to administer a non-prescribed medication using a form which is available at the school office. A physician does not have to authorize such medication but all of the other conditions described above under Prescribed Medications will also apply to non-prescribed medications. The student may be authorized on the request form by his/her parent to self-administer the medication in the presence of a school staff member. No other exceptions will be made to these requirements.

If a student is found using or possessing a non-prescribed medication without parent authorization, s/he will be brought to the school office and the parents will be contacted for authorization. The medication will be confiscated until written authorization is received. Students are not to be in possession of vitamins or supplements at school.

A diabetes management and treatment plan shall be prepared and implemented for a student with diabetes for use during school hours or at a school related event or activity. The plan shall be developed by the licensed health care practitioner responsible for the student's diabetes treatment and the student's parent/legal guardian.

## **SCHOOL NURSE**

If you wish to see the nurse, you must be given a pass by your teacher. At no time are you to visit the nurse without the proper pass except in the case of an emergency. The nurse and office personnel are the only people who have the authority to send students home for sickness or injury. The nurse should be seen only for injury or illness occurring at school.

## **CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES AND PESTS**

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice. Specific diseases include; diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments. Any removal will be limited to the contagious period as specified in the School's administrative guidelines. Exposure notifications will adhere to guidelines from the ISDH and CDC.

## **CONTROL OF NON-CASUAL-CONTACT COMMUNICABLE DISEASES**

The Corporation has an obligation to protect staff and students from non-casual-contact communicable diseases. When a non-casual-contact communicable disease is suspected, the staff or student's health will be reviewed by a panel of resource people, including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS, ARC AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child has bled at School and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

## **SPECIAL EDUCATION**

The American's with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but all individuals who have access to the Corporation's programs and facilities. The law defines person with a disability as anyone who:

- A. has a mental or physical impairment that substantially limits one or more major life activities;
- B. has a record of such an impairment; or
- C. is regarded as having such impairment.

The Corporation has specific responsibilities under these two laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

Students are entitled to a free appropriate public education in the "least restrictive environment." The School provides a variety of special education programs for students identified as having a disability as defined by the Individuals with Disabilities Education Act (IDEA).

A student can access special education services only through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the School encourages the parent to be an active participant. To inquire about the procedure, a parent should contact the principal.

Students with disabilities who do not qualify for IDEA may be served within the regular education program with an accommodation plan developed through an interactive dialogue between the School, the student and the student's parent(s). Parents who believe their child may have a disability that interferes substantially with the child's ability to function properly in School, should contact the principal.

# PROTECTION AND PRIVACY OF STUDENT RECORDS

## A. Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days after the day the school receives a request for access. Parents or eligible students who wish to inspect their child’s or their education records should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend their child’s or their education record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school’s or school district’s annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

3. Activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. (This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.)

    1. Protected information surveys of students and surveys created by a third party;
    2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
    3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

School City of Hobart has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. School City of Hobart will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. School City of Hobart will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. Tornado drills will be conducted using the procedures prescribed by the State. The alarm system for tornadoes is different from the alarm system for fires and consists of different bell tones.

Safety drills will be conducted during the school year. Teachers will provide specific instruction on the appropriate procedure to following situations where students must be secured in their building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property, or other acts of violence.

## LOST AND FOUND

Lost and Found is located in the hallway east of the pool locker rooms. Students must go to Student Services, and they will be given permission to search the lost and found. Electronic lost and found items are kept in Student Services. Lost books and Chromebooks are returned to the media center.

## I. D. CARDS

All students are to have their school identification card on them. They must be able to present their ID when asked by a faculty member. ID's are to be carried during the school day and at all school functions. Failure to carry an ID may result in school discipline. Replacement ID's will cost \$5.00.

## VISITORS AND VOLUNTEERS

Visitors, particularly parents, are welcomed at school. Visitors must report to the office upon entering the school to sign in and obtain a pass. All visitors must present a valid Driver's License or State ID to be processed through an Identification System. Any visitor found in the building without a current pass will be reported to school administration. If you would like to volunteer (e.g. field trips, class parties, field days, etc.) now or in the future at one of the schools in the district you must complete an electronic volunteer application and provide a valid driver's license and/or state I.D. card at the school. The identification information will be checked against the sex offender registry, and a limited criminal history check will be conducted. Applications are processed on an as needed basis prior to an event. **This process must be completed two (2) weeks in advance**, so please plan accordingly. You will be informed if your volunteer application is approved or denied. Volunteer applications must be submitted each school year. If you have students in several schools, you will only complete one application.

Sometimes students forget to bring necessary materials or equipment to school. In such cases, parents are asked to deliver the items to Student Services. Only essential items for class are to be delivered to school. Hobart High School will not accept balloons, bouquets, flowers, or other gift deliveries for students. Students may pick up the items from Student Services. Items will not be delivered to classes. **\*\*Food deliveries are not permitted during the school day.**

## LOCKERS

All Hobart High School lockers are subject to the control of the School City of Hobart. Most locks are combination type. Students may not switch lockers and should not give their combination to anyone.

### 1. Lockers Statement of Policy

All lockers made available for student use on the school premises, including but not limited to lockers located in the hallways, physical education, and athletic dressing rooms, vocational education, and the art classroom, are the property of the school corporation. These lockers are made available for student use in storing school supplies and personal items necessary for use at school, but the lockers are not to be used to store items which cause, or can reasonably be foreseen to cause an interference with school purposes or an educational function, or which are forbidden by state law or school rules.

The student's use of the locker does not diminish the school corporation's ownership or control of the locker. The school corporation retains the right to inspect the locker and its contents to insure that the locker is being used in accordance with its intended purpose, and to eliminate fire or other hazards, maintain sanitary conditions, attempt to locate lost or stolen material and to prevent use of the locker to store prohibited or dangerous materials such as weapons, illegal drugs or alcohol, or any other material forbidden by school rules.

## 2. Locker Rules

In order to implement the school corporation's policy concerning student lockers, the school board adopts the following rules and regulations:

- a. **LOCKS** - The school corporation will retain access to student lockers by keeping a master list of combinations and retaining a master key. Students may not use their own locks to prevent access to lockers by school officials and any unauthorized locks may be removed without notice and destroyed.
- b. **USE OF LOCKERS** - Lockers are to be used to store school supplies and personal items necessary for use at school. Lockers shall not be used to store items which cause, or can reasonably be foreseen to cause, an interference with school purposes or an educational function, or which are forbidden by state law or school rules, such as drugs, drug paraphernalia, beverages containing alcohol, weapon, any flammable substance, bomb or explosive device, any pungent acid or nauseous chemical, any library book not properly checked out or overdue, unreturned gym or athletic equipment, any stolen items, any obscene material, or tobacco products that are banned by school rules or regulations. Students will be expected to keep their lockers in a clean and orderly manner.
- c. **AUTHORITY TO INSPECT** - The school corporation retains the right to inspect lockers to insure they are being maintained in accordance with the conditions of Rule No. 2. All inspections of student lockers shall be conducted by the principal, his/her designee, or a member of the administrative staff designated in writing by the principal.
- d. **INSPECTION OF INDIVIDUAL STUDENT'S LOCKERS**

(1) The inspection of a particular student's locker will not be conducted unless the principal or his/her designee has a reasonable suspicion to believe that the locker to be inspected contains items which cause, or can reasonably be foreseen to cause, an interference with school purposes or an educational function, which are forbidden by state law or school rules, or which pose an imminent and serious threat to health and safety necessitating the general search of part or all of the lockers, as set forth in section 5 of this policy.

Factors that will be considered in determining the reasonableness of a search are:

- (a) the student's history and record in school
- (b) the seriousness and prevalence of the problem to which the search is directed; and
- (c) the situation presented as to the need to search expeditiously.

(2) Whenever an individual student's locker has been inspected without the student's presence, the principal or his/her designee shall notify the student of such inspection as soon as practicable thereafter.

### e. INSPECTION OF ALL LOCKERS

(1) An inspection of all lockers in the school, or all lockers in a particular area of the school, may be conducted if the principal, superintendent, or assistant superintendent reasonably believe that such an inspection is necessary to prevent, impede, or substantially reduce the risk of

- a. an interference with school purposes or an educational function,
- b. a physical injury or illness to any person,
- c. damage to personal or school property, or
- d. a violation of state law or school rules.

(2) Examples of circumstances justifying a general inspection of a number of lockers are:

- a. when the school corporation receives a bomb threat,
- b. when evidence of student drug or alcohol use creates a reasonable belief of an unusually high level of student use,
- c. at mid-term end of grading period, and before school holidays to check for missing library books, lab chemicals, or school equipment,
- d. when there is a reasonable belief that weapons are stored in the lockers.

(3) If a general inspection of a number of lockers is necessary, then all lockers in the defined inspection area will be examined. Students will not necessarily be given the opportunity to be present while a general inspection is being conducted.

## 3. Student Material

When conducting an inspection pursuant to these rules, the inspector shall take care to avoid unduly disrupting the contents of the locker or intruding unnecessarily into any student's written material located in the locker. In addition, as to written material, the inspection will be kept to the minimum level necessary to determine that such material is not in itself, or being used to conceal contraband.

#### 4. Disposal of Confiscated Contraband

All contraband confiscated from lockers may be disposed of by the principal or his designee as he or she deems appropriate, including

1. return to the proper owner or place; unless it poses a threat to health or safety,
2. use as evidence in a student discipline proceeding if possession of the contraband constitutes a ground for suspension or expulsion under IC 20-33-8 and/or this handbook,
3. delivery to the appropriate law enforcement officials for prosecution purposes if possession of contraband constitutes evidence of a crime, or
4. destruction.

#### 5. Involvement of Law Enforcement Officials

- a. The principal, superintendent or assistant superintendent may request the assistance of law enforcement officials to assist the school administrators in inspecting lockers of their contents for purposes of enforcing school policies only if such assistance is required.
  1. to identify substances which may be found in the lockers, or
  2. to protect the health and safety of persons or property, such as to aid in the discovery and disarming of bombs which may be located in the lockers.
- b. The principal may cause a locker inspection to be performed for school purposes if information supplied by law enforcement officials gives rise to a reasonable suspicion that a locker contains contraband.

#### 6. Locker Cleaning

Nothing in these rules shall affect members of the custodial staff who, at the direction of a supervisor, clean out

1. lockers from time to time in accordance with a general housekeeping schedule, or
2. the locker of the student no longer enrolled in the school. Further, the custodial staff may open a student's locker during any vacation period if they have reason to believe such locker contains rotting, spoiling or mildewing items such as food, wet clothing, etc.

#### 7. Publication of Rules

A copy of these rules shall be provided to each student and his parents or guardian at the start of each school year or as soon as practicable after the student's enrollment in the school. Copies of the rules shall be posted in the principal's office and other prominent places generally used for announcements to students.

### **PETS AND ANIMALS**

Animals, including pets, are not to be brought to school except when the teacher personally requests permission from the principal for the animal to be brought at a specific time for a specific purpose in teaching. The animal must be brought in a cage that will prevent it from getting out and causing harm to other students. If requested, documentation of current shots must be provided before bringing the pet to school. When picking up your child at school, pets should remain at home for the safety of students.

### **USE OF SCHOOL EQUIPMENT AND FACILITIES**

## II. ACADEMICS

### COUNSELING AND GUIDANCE SERVICES AND OFFICE OF STUDENT PLACEMENT

The guidance department offers all students an opportunity to receive assistance in various areas - college and vocational planning, personal situations, employment programs, etc. The guidance office is maintained with information regarding the world of work, college and vocational schools and military career opportunities. Representatives from educational institutions, business and industry, and the military visit Hobart High School throughout the year and are available for student resources.

## GRADING SYSTEM

### GRADES

The school has a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas in determining a grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

### DETERMINING A SEMESTER GRADE:

A semester grade will be calculated by using a 12 point system for grades listed below. The system will count each individual quarter's grade as 40% of the overall grade (thus comprising 80% of the semester grade) and the final exam as 20% of the overall grade. The second quarter grades will be kept separately from the first quarter grades. The table used for calculations is listed below.

GRADE	POINT
A+	12
A	11
A-	10
B+	9
B	8
B-	7
C+	6
C	5
C-	4
D+	3
D	2
D-	1
F	0
I	Incomplete

The easiest method to calculate your overall grade is to:

1. Multiply your first quarter's point value by 2.
2. Multiply your second quarter's point value by 2.
3. Multiply your final exam's point value by 1.
4. Add the totals from steps one through three and then divide that total by five.
5. Round the grade to the nearest point value. Values of .5 or higher are rounded up, .4 or lower are rounded down.

The accompanying grade to the point value is the semester grade.

6. EXCEPTION: A student MUST pass either both quarters or one quarter and the final in order to receive credit; a student who receives two F's of the three grades (two quarter grades and final exam) will receive an F for the course.

### **EXAMPLE CALCULATION:**

A student earns a B for first quarter, a C- for second quarter, and a B- for the final exam. Using the above procedure:

Step 1: a B is worth 8 points; multiplied by 2 yields 16 points.

Step 2: a C- is worth 4 points; multiplied by 2 yields 8 points.

Step 3: a B- is worth 7 points; multiplied by 1 yields 7 points.

Step 4: adding the values from the previous 3 steps yields a score of 31 points.

Step 5: dividing the total by 5 yields a 6.2. This rounds to a 6, which is an equivalent of a C+, so the semester grade is a C+.

Most Honors or Advanced Placement courses are given the following additional weight:

One additional point for any passing grade

### **STUDENT ASSESSMENT**

To measure student progress, students will be tested in accordance with State standards and Corporation policy.

Unless exempted, each student will be expected to pass the state of Indiana standardized assessment. Make-up dates are scheduled, but unnecessary absences should be avoided. Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives. Vocational and interest surveys may be given to identify particular areas of student interest or talent. These are often given by the guidance staff.

College entrance testing information can be obtained from the guidance office. Depending on the type of testing, specific information and/or parent consent may need to be obtained. The school will not violate the rights of consent and privacy of a student participating in any form of evaluation.

### **ACADEMIC ACHIEVEMENT**

Letter grades are used to identify levels of academic achievement.

#### **TOTAL HONORS**

Summa Cum Laude (4.5 and above)

Magna Cum Laude (4.25-4.49)

Cum Laude (4.00 - 4.24)

Academic Letter

To receive an academic letter, a sophomore, junior, or senior student must earn a 4.0 GPA for 2 terms of the school year. Students will receive a pin for each subsequent year they earn an academic letter. Letters will be awarded every spring at the Honors Convocation.

### **HONOR ROLL**

Hobart High School recognizes students at the end of each semester in three different categories for their academic accomplishments. In order to qualify for the honor roll, students must be enrolled in at least 6 for-credit courses per semester. Additionally, students cannot have any failing grades. The three categories / requirements are below:

1. Honor Roll of Excellence: 4.0 GPA or above
2. High Honor Roll : 3.67- 3.99 GPA
3. Honor Roll: 3.0- 3.66

## HOME SCHOOL TRANSFERS

Home school credits will be recorded on the student's transcript but will not be figured in the student's GPA or class rank.

## CORRESPONDENCE COURSE TRANSFER POLICY

Correspondence courses must be approved by high school administration prior to enrolling in the course. A meeting with guidance counselor is required. Prior approval is needed in order to assure credits will be posted to transcript.

## PROGRAM CHANGES AND DROPPING SUBJECTS

Students have the opportunity to change their schedule until the last day of the previous school year.

Administrative approval is necessary for all other schedule changes.

## WITHDRAWAL/REMOVAL

In the event of administration removal, students will receive a *withdrawn F*.

## GRADE REPLACEMENT POLICY:

A student may repeat a class if he/she attained a grade of D+ or lower. When a student retakes any course, only the higher grade will be calculated in the student's grade point average and the lower grade will be treated as an audit. All grades will remain on the transcript. For students pursuing NCAA eligibility, the course must be taken during the traditional school year with a teacher or through an accredited credit recovery program approved by HHS Administration.

For students pursuing the Academic Honors Diploma, the course must be taken during the traditional school year or summer school with a teacher or through Hobart High School's credit recovery program.

## INCOMPLETE

It is necessary for the benefit of both the student and teacher to take care of incomplete grades. Normally, students are given only one day to make up incomplete grades for each day of absence. The responsibility for making up the incomplete rests with the student. If the work is not made up in the allotted time, an "F" will be recorded for the missing work. If at the end of a grading period there still remains incomplete work, the teacher may record an "F" on the report card. If absence occurs at the end of the quarter, arrangements will have to be made with the teacher for making up work. Incomplete at the end of the quarter should be made up in one week.

## SEMESTER CREDIT

At the end of each (18) week semester, grades will be issued for credits. These are the credits that accumulate toward commencement. A report card will be posted in Skyward every nine weeks. This will indicate the student's academic status at that time.

## EXIT INTERVIEWS

This section applies to an individual who attends or last attended a public school, is at least seventeen (17) years of age but less than eighteen (18) years of age, has not completed the requirement for graduation, wishes to withdraw from school before graduation, fails to return at the beginning of a semester, or stops attending school during a semester and has no record of transfer to another school. An individual to whom this section applies may withdraw from school only if all of the following conditions are met:

1. An exit interview is conducted.
2. The individual's parent approves of the withdrawal.
3. The school principal approves of the withdrawal.

During the interview, the school principal shall provide to the student and the student's parent a copy of statistics compiled by the Indiana Department of Education (IDOE) concerning the likely consequences of life without a high school diploma. The statistics must include, but are not limited to, statistics that show the likelihood of an individual's:

1. unemployment or employment in a lower paying job; and
2. involvement in criminal activity as a consequence of not obtaining a high school diploma.

For purposes of this section, the following must be in written form (Parent will sign forms when withdrawing from HHS).

1. an individual's request to withdraw from school.
2. a parent's consent to a withdrawal.
3. a principal's consent to a withdrawal.

If the individual's principal does not consent to the individual's withdrawal under this section, the individual's parent may appeal the denial of consent to the governing body of the public school that the individual last attended.

If an individual to which this section applies has **not** received consent to withdraw from school under this section and fails to return to school at the beginning of a semester or during the semester, the principal of the school that the individual last attended shall deliver by certified mail or personal delivery to the bureau of child labor a record of the individual's failure to return to school so that the bureau of child labor revokes any employment certificates issued to the individual and does not issue any additional employment certificates to the individual. **The individual shall be considered a dropout.**

At the same time that a school principal delivers the record to the bureau of child labor, the principal shall deliver by certified mail or personal delivery to the bureau of motor vehicles a record of the individual's failure to return to school so that the bureau of motor vehicles revokes any driver's license or learner's permit issued to the individual and does not issue any additional driver's licenses or learner's permits to the individual before the individual is at least eighteen (18) years of age. **The individual shall be considered a dropout.**

If a principal has delivered the records to the bureau of child labor, the bureau of motor vehicles or both; and the school subsequently gives consent to the individual to withdraw from school under this section; the principal of the school shall send a notice of withdrawal to the bureau of child labor and the bureau of motor vehicles by certified mail or personal delivery and **the individual shall no longer be considered a dropout.**

## ATTENDANCE AT COMMENCEMENT CEREMONY

To participate in the commencement ceremony the following criteria must be met:

1. minimum of 40 credits
2. passing grade in all state and local course requirements

Students are required to dress in Hobart High School graduation regalia (purple/gold cap and gown) during the commencement ceremony. Students who are active or reserve members of the armed forces of the United States or the National Guard are permitted to wear a dress uniform issued to the student.

## **COMMENCEMENT REQUIREMENTS**

Commencement requirements are listed in the Career Pathways guide.

## **PORTER COUNTY CAREER CENTER**

The career center offers one-year and two-year vocational programs beginning in the junior year. Once a student is accepted and begins attending the career center, it is the student's obligation to follow the center's rules and regulations as well as those at Hobart High School. If School City of Hobart is on vacation, but the career center is not, the student must still attend the career center or make arrangements to be excused for that period of time. Students who are removed from career center programs will be assigned to the in-school suspension room for the remainder of the term. Students returning from morning session of PCC must report to the Media Center until the beginning of fourth period.

## **HOBART UNIVERSITY**

The School City of Hobart prides itself on our rich tradition of offering dynamic and comprehensive graduation pathways. Since 1999, the SCOH has been a statewide leader in this initiative to align student interests with potential college and/or career interests. Within these pathways, we provide rigorous courses that include dual credit and dual enrollment programs. Dual credit classes are college-level courses that are identified and accepted by the high school as meeting high school graduation requirements and are completed during "regular" school hours.

Hobart University (HU) was founded in 2018 and is part of the Early College High School Initiative in the United States. This initiative allows students to meet the high school graduation requirements while also earning college credits.

All Brickies are encouraged to be a part of Hobart University! To do so, however, our Brickies need to build their personal brands one brick at a time by ensuring they can meet the requirements to academically participate in our early college initiative through HU. Factors such as attendance, grades, good behavior, and qualifying test scores will all assist Brickies in making sure they are able to partake in HU!

## **CAREER AND TECHNICAL EDUCATION RELEASE OF INFORMATION**

The School City of Hobart may release information regarding a student's enrollment in a career and technical education course to potential employers that contact the school to recruit students with particular career and technical skills. The school will also provide enrollment information to the Department of Workforce Development (DWD) through the InTERS reporting system. The DWD may provide the enrollment information to potential employers that contact the DWD to recruit students with particular career and technical education skills. The information may be released orally or in the form of written enrollment information. To refuse the release of this information, please contact the Hobart High School Main Office.

## **SCHOOL-SPONSORED STUDY TRIPS**

Field/Study trips are academic activities that are held off school grounds. There are also other trips that are part of the School's co-curricular and extra-curricular program. No student may participate in any school-sponsored trip without parental consent.

1. Attendance rules apply to all field/study trips.
2. While the Corporation encourages the student's participation in field/study trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend.
3. Students who violate school rules may lose the privilege to go on study trips.

It is the policy of the Board of School Trustees that if a class or organization wishes to take a study trip and the trip necessitates out of state travel or begins and ends outside of the time limits of a regular school day, it must have approval from the Board of School Trustees. All study trips must be recommended by the classroom teacher or activity advisor. All students going on study trips are required to complete parental permission slips. These are available from your teacher or advisor. Chaperones for study trips must be on the approved School City of Hobart Volunteer list.

## **ASSEMBLY PROGRAMS**

Students at Hobart High School are fortunate in having a state-of-the-art attractive auditorium for assembly programs. These programs are a privilege and should be treated as such. Participants in the programs appreciate cooperation and interest. Good student conduct helps to establish a good reputation for the student body and school. Students will be accompanied by teachers to the programs and should sit in designated areas.

## **NATIONAL HONOR SOCIETY**

The National Honor Society chapter of Hobart High School is a duly chartered and affiliated chapter of this prestigious national organization. Membership is open to those students who meet the required standards in four areas of evaluation: scholarship, service, leadership, and character. Students are selected for membership by majority vote of a five-member principal-appointed faculty council, which bestows this honor upon qualified students on behalf of the faculty of our school each spring.

Students in grades 10th and 11th are eligible for membership. For the scholarship criterion, a student must have a cumulative GPA of 4.0 or better on a weighted 4.0 scale. Each spring, students who meet this criterion are invited to complete a Candidate Form that provides the faculty council with information regarding the candidate's leadership and service. Students are asked to include documentation of leadership roles in two or more extracurricular or community organizations, as well as a minimum of 10 hours of community service.

To evaluate a candidate's character, the faculty council uses two forms of input. First, school disciplinary records are reviewed. Second, members of the faculty are solicited for input regarding their professional reflections on a candidate's service activities, character, and leadership. Candidates also choose two faculty, staff, or coaches who are able to give a more detailed evaluation of their service, leadership and character.

Any solicited faculty input and all Candidate Forms are carefully reviewed by the faculty council to determine membership. A majority vote of the council is necessary for selection. Candidates are notified regarding selection or non-selection via mail according to a predetermined schedule.

Following notification, a formal induction ceremony is held at the school to recognize all the newly selected members. Once inducted, new members are required to maintain the same level of performance (or better) in all four criteria that led to their selection.

### **III. STUDENT CONDUCT**

#### **A. SCHOOL ATTENDANCE POLICY**

Pursuant to Indiana compulsory attendance laws (Indiana Code 20-33-2), students are required to be in attendance for the school's educational program for 180 days per school year. Absences from school are only permitted per school regulations as defined below. It is imperative that students be in attendance each school day in order not to miss a significant portion of their education. Many important educational pursuits result from active participation in classroom and other school activities, which cannot be replaced by individual study.

The school is also concerned about helping students develop a high quality work ethic which will be a significant factor in their success with future employers. One of the most important work habits that employers look for in hiring and promoting a worker is his/her dependability in coming to work every day and on time. This is a habit the school wants to help students develop as early as possible in their school careers.

However, if the student has a contagious condition or temperature over 100 degrees they must remain at home until no longer contagious and/or temperature free for 24 hours, without the use of medication. Additionally, if a student is at school and has a temperature of 100 degrees or higher or there are signs of a contagious condition, the parent will be contacted to pick up the student. If a parent or emergency contact cannot be reached by phone, a note will be sent home with the student.

#### **NOTIFICATION OF ABSENCE**

If a student is going to be absent, the parents must contact the school office (219) 942-8521 within 24 hours and provide an explanation. When no excuse is provided, the absence will be unexcused and the student will be considered truant. If the absence of a student appears to be questionable or excessive, the school staff will work with the parents to improve their student's attendance.

An excused or parent/guardian verified absence allows the student to make-up all possible work. It is the responsibility of the student to obtain missed assignments. It is possible that certain kinds of school work such as labs or skill-practice sessions cannot be made up and, as a result, may negatively impact a student's grade. The skipping of classes will result in disciplinary action.

#### **EXCUSED ABSENCES**

Students may be excused from school for the following reasons and will be provided an opportunity to make-up missed school work and/or tests:

1. Illness verified with a physician statement dated at the time of visit/illness (must be returned within one week or absence will be unexcused)
2. Death in the immediate family
3. School send the student home sick (if due to fever, the following day will also be excused)
4. Page for General Assembly
5. Election Day Worker
6. Court Witness
7. Indiana National Guard Active Duty
8. Civil Air Patrol
9. Educationally related non-classroom activity as defined in IC 20-33-2-17.5
10. Professional appointments (medical, dental, legal) when students return with an authorized, dated statement
11. Observation of a religious holiday
12. Maternity
13. Military connected families' absences related to deployment
14. Exhibiting/participating in state fair

## PARENT/GUARDIAN VERIFIED ABSENCES

Students are permitted to be absent four (4) days per semester, with Parent/Guardian notification to the office on the day of the absence. Any absences beyond four (4) will be considered unexcused. A Parent/Guardian verified absence is defined as a parent/guardian's choice to keep their student home for the best interest of the student.

Students with a health condition that causes repeated absences are to provide the school office with an explanation of the condition from a licensed physician. Parents must provide an explanation for their student's absence when they return to school. They are to also call the school office and explain the reason for the absence. **If there is a pattern of excessive absence for "illness", the parents will be required to provide a statement from a physician describing the health condition that is causing the frequent illness and the treatment that is being provided to rectify the condition, and/or a signed release may be required for the nurse or principal to speak with the physician.** Without such a statement, the student's permanent attendance record will indicate unexcused absences. Additionally, failure to provide medical documentation, or comply with the school's request for certification, may result in a report to the Department of Child Services for educational neglect.

If a student is absent (parent/guardian verified or unexcused) for 5 days within a 10-week period, a truancy prevention plan may be put in place for the student in accordance with Indiana Code. This does not include excused absence days.

## UNEXCUSED ABSENCE

Students should not have any unexcused absences. An unexcused absence is defined as any absence not covered under the definition of excused absence, any absence beyond 4 parent/guardian verified absences per semester, or a non-verified absence (failure to notify the school of an absence within 24 hours).

If a student is absent (parent/guardian verified or unexcused) for 5 days within a 10-week period, a truancy prevention plan may be put in place for the student in accordance with Indiana Code. This does not include excused absence days.

## TRUANCY

Truancy from school is not acceptable. A student shall be considered a "habitual truant" when the student is chronically absent by having unexcused absences from school for more than ten (10) school days in one (1) school year.

Truancy also refers to any student absence without the consent of the parents and/or Teacher and/or Administration for any portion of a school day. Students found in an area of the school without permission will be considered truant. A student who is found to be truant will have loss of assignment credit for the period(s) of truancy. Participation in extra-curricular activities is prohibited on the day of the truancy. The school will take the appropriate disciplinary action for students who are considered truant.

Habitual Truant according to IC 20-33-8-12, a child is designated as a habitual truant, who is chronically absent, by having unexcused absences from school for more than ten (10) days of school in one (1) school year. The Department of Child Services may be contacted for educational neglect when students accumulate more than 10 unexcused absences. In the case of truancy, the Juvenile Court System and/or Juvenile Probation Department may be contacted. In addition, an individual who is defined as a habitual truant and is at least (13) years of age but less than fifteen (15) years of age may not be issued an operator's license or a learner's permit to drive a motor vehicle under IC 9-24 until the individual is at least eighteen (18) years of age.

## STUDENT VACATIONS DURING THE SCHOOL YEAR

Students are permitted to go on vacation during the school year without penalty (except the week ending each quarter). The purpose of this administrative guideline is to accommodate parents who need to take their vacations during the school year and the desire to enjoy that time as a family.

Whenever a proposed absence-for-vacation is requested, parents must discuss it with the building principal. The length of absence should be made clear, and those involved should have an opportunity to express their views on the potential effects of the absence.

- A. The corporation will only approve a student's absence for a vacation when s/he will be in the company of his/her own parent or other family relatives but not other students' parents, unless there are extenuating circumstances deemed appropriate by the principal. - B. The student may be given approximate assignments and materials for completion.
- C. Separate daily assignments may be given.
- D. The time missed will be counted as an authorized, unexcused absence, but shall not be a factor in determining grades unless make-up-work is not completed.

## SCHOOL SPONSORED CLUBS AND ACTIVITIES

Hobart High School provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be for credit, required for a particular course, and/or contain school subject matter.

Extra-curricular activities do not reflect the school curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports and the like. Involvement in these activities is limited by grades and behavior.

On any day students will be allowed to participate in an activity only if they were in school all day unless prior arrangements had been made with the principal. **Students who have been placed in all-day in-school suspension by an administrator or who are serving out-of-school suspension cannot participate in practice, athletic contests, or attend any school function during the period of their suspensions.** If a student is absent on the last day of a school week, and there is an athletic competition or other extra-curricular activity on the weekend, the student-athlete must get permission from the administration to participate.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements.

The school has many student groups that are authorized by the school. It is the corporation's policy that only authorized groups are those approved by the Board of School Trustees and sponsored by a staff member.

## NON-SCHOOL SPONSORED CLUBS AND ACTIVITIES

Non-school sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The application for permission can be obtained from the Principal. The application must verify that the activity is being initiated by students, attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities and that non-school persons do not play a regular role in the event. School rules will still apply regarding behavior and equal opportunity to participate. Membership in any fraternity, sorority, or any other secret society is not permitted. Areas of concern, such as, but not all inclusive are: (1) tobacco use in any form, (2) alcohol use in any form, (3) use of drugs, depressants, stimulants, or any controlled substance, (4) use of performance enhancing drugs, (5) verbal harassment, (6) sexual harassment, (7) theft, (8) vandalism, or (9) sexual violations or (10) behavior that promotes the use of tobacco, alcohol, drugs, depressants, stimulants or any controlled substance.

### CONDUCT, CHARACTER, DISCIPLINE & PROCEDURES

As an athlete or extracurricular participant, you represent your school, community, sports team and club. It is critical that you behave as a leader at all times. Engaging in immoral, unethical, or unacceptable conduct contrary to state law, school rules or policies, and rules or regulations of the I.H.S.A.A. (for athletes) is prohibited.

It is expected that contestants, athletic personnel, and those involved in extra-curricular activities will display expected conduct in and out of school for 365 days, including summer months when school is not in session. Athletes / those involved in extracurricular activities understand that their behavior must:

1. Not reflect discredit upon their school or I.H.S.A.A.
2. Not materially interfere or disrupt the educational process, or an educational function. An athlete / extra-curricular participant is ineligible for competition when he / she is under suspension, expulsion, or reason to believe that he or she has violated any school, civil, state or federal regulation for any such reason.

Discipline for the violation of training rules or extracurricular activity rules is under the jurisdiction of the coach / sponsor and school administrator. No student will impose hazing, either mental or physical, nor will force any students to participate in any initiation or ceremonies.
4. Students' home and personal Internet use can have an impact on the school and on other students. If students' personal Internet expression and text message-such as a threatening message to another student or a violent or inappropriate Web site-creates a likelihood of material disruption or interference with the educational process or school operations, students may face school discipline.

(Please note: signed acknowledgement of this handbook verifies the understanding of this rule from the first day of school in August until the first day of school the following year):

### RESPONSIBLE USE OF SOCIAL NETWORKING MEDIA FOR ATHLETICS & EXTRA-CURRICULAR ACTIVITIES

Hobart High School recognizes that students do not leave their First Amendment free speech rights at the schoolhouse gate. However, students should be concerned with any behavior that might embarrass themselves, their families, their teams, their community and/ or Hobart High School. This includes any activities conducted online through social networking sites (i.e. Facebook, Instagram, Friendster, pod casting, blog sites, You Tube, Twitter, Snapchat, chat rooms, etc.).

Participation in athletics and extra-curricular activities at Hobart High School is a privilege, not a right. As a student at Hobart High School, you are a representative of the school and the community, and as such, you are always in the public eye. This fact places certain additional demands upon how you must live your life. Keep the following guidelines in mind as you participate in any of the aforementioned public media:

1. Before participating in any online community, understand that anything posted online is available to anyone in the world. Any text or photo placed online is completely out of your control at the moment it is placed online, even if you limit access to your site.
2. You are not to post information, photos, or other items that could embarrass you, your family, your team or extra-curricular activity, the Athletic Department or Hobart High School. This includes items that may be posted on your page by others.
3. You should not post your address, phone numbers, birth date, or other personal information. You could be opening yourself up to predators or stalkers.
4. Exercise caution as to what information you post on your website about your whereabouts or plans. This will help prevent stalkers or other criminally minded individuals from gaining access to you.
5. Be aware of who you add as a friend to your site. Many people are looking to take advantage of students athletes or seek connection with students to give them a sense of membership on a team or with an organization.
6. Coaches, sponsors, and administrators can and do monitor these websites. Disparaging remarks about teammates, coaches, or school officials can serve as grounds for suspension from competition or dismissal from teams, as well as possible legal ramifications.
7. Students will face disciplinary measures for violation of team/activity policies, athletic department policies, school policies, state athletic association guidelines and/or state and federal laws. Any admissions of conduct in violation of any of these policies or laws found on a student's website will subject him or her to disciplinary measures. Any depictions of conduct in violation of any of these policies or laws found on a student's website will be subject to a full investigation and possible discipline based on the outcome.

Also keep in mind that local police or sheriff's offices or other law enforcement agencies may check these websites regularly.

Be aware of the fact that many employers and colleges also monitor these sites. You should be aware that any information posted on these websites may prevent you from obtaining a job or prevent you from attending the college of your choice.

## EXTRA-CURRICULAR AND ATHLETIC CODE OF CONDUCT / SOCIAL MEDIA AGREEMENT VIOLATION

The student/athlete shall be suspended from interscholastic athletics or extracurricular activities for the following:

- A. Usage or possession of tobacco products in any form, consumption or possession of alcoholic beverages or intoxicants of any kind, usage or possession of drugs, controlled substances, paraphernalia, or substances represented to be or made to look like controlled substances, engaging in immoral, unethical, or unacceptable conduct contrary to state law, school rules or policies, and rules or regulations of the IHSAA.

The athlete / extra-curricular participant will obtain a cumulative discipline record for his/her entire high school career.

### 1st Violation

The student will be suspended for forty percent (40%) of scheduled contests. Students can reduce this suspension to twenty percent (20%) of scheduled contests if he/she completes a restorative practice, which is appropriate for the rule violation (applicable one time only on the first violation). The student/athlete will be able to practice and attend contests with his/her team; however, they may not be in uniform at said contests.

Restorative Practice:

-Participation in the School City of Hobart Drug Trend Series Program and completion of 10 hours of community service at an administrative approved location.

ATHLETES: If a violation occurs at a time when the student/athlete is unable to miss the required number of contests, the remaining percentage of the suspension will be served in his/her next sport. The remaining percentage will then be figured on the number of contests for that sport. The student/athlete must finish their next sport in "good standing" in order to complete his/her suspension.

If the infraction occurs out of a sport season the athlete will then begin serving the suspension in his/her next sport season. Jamborees or scrimmages are not considered as a part of the scheduled contests for the sport season.

### 2nd Violation

The student/athlete will be suspended for 365 days from the date of the infraction. Students/Athletes will be removed from their current team and will be prohibited from attending any extra-curricular activities during the duration of their suspension.

\*Students who are serving a 365-day suspension from their current team can earn back the privilege of attending dances, or attending events at Hobart High School as a spectator only by completion of a professional intervention program and completion of completing forty (40) hours of community service at an administrative approved location.

### 3rd Violation

The student/athlete will be permanently suspended from attending any extra-curricular activities for the remainder of his/her school career.

Athletes who are suspended for a violation of the athletic or school rules, shall not be permitted to dress or appear as a member of the team at an athletic contest. Since the captain or co-captain of a team is expected to lead by example, the suspension of a captain or co-captain may result in the relinquishing of such position for the remainder of the sport season. Since the coach of a sport is the immediate supervisor of an athletic team, he/she will ensure that this regulation is effectively enforced. (local)

EXTRA-CURRICULAR PARTICIPANTS: The specifics of the suspension will be determined based on the student's specific extra-curricular involvement.

## PROCEDURE

An initial determination of an alleged violation of rules will be made by the Athletic Director/Administrator setting forth in writing his/her decision, findings of fact and a conclusion as to whether a rule has been violated in addition to the penalty to be imposed.

An appeal may be taken to an Athletic/Extra-curricular Review Board within ten (10) calendar days after tender of notice to student and parent(s). The Athletic / Extra-curricular Review Board shall be composed of the principal or his/her designee, along with three other school/district staff members.

An appeal takes a minimum of five (5) calendar days to set up. Results of appeals will be provided within 24-48 hours.

The Athletic/Extracurricular Review Board shall investigate the charge, may hold hearing(s) and review the decision of the Athletic Director/Administrator. The Principal, as a corporate expulsion examiner, in this case, shall have powers as set forth in IC 20-33-8-19. After completing its investigation and fact-finding, the review board shall issue a written opinion which shall be tendered to the Athletic Director, extra-curricular sponsor, student, parent involved, and the Superintendent of Schools. (local)

## STUDENT DANCE AND SOCIAL EVENTS

In general, all school dances and other school social events will be governed by these guidelines:

- All school policies will be enforced at any school sponsored activity.
- All school activities must be scheduled and approved by the administration at least two weeks in advance of the scheduled date. An activity application must be filled out by the sponsor and a Use of Facility Permit must be obtained.
- Any school official or sponsoring organization may refuse to admit a student or guest to an activity or may ask the person to leave an activity.

## DANCES

Most dances have a scheduled time for beginning and ending. If the student has ticket and shows an I.D. card, he or she may be admitted up to one hour after the dance begins. One hour after the dance begins, the doors will close and students will not be able to enter unless prior approval by the principal or assistant principal has been given.

Dance attendees who leave the building from an activity may not re-enter.

Hobart High School students may bring outside guests to select school activities such as Prom.

An approval request form must be obtained from the principal or their designee, filled out and signed by the principal of the school where the student attends or has attended. If guests are out-of-school, the student bringing the guest must have his/her parents sign an approval. The person bringing the guest is responsible for the behavior of the guest at the activity. Hobart High School administration reserves the right to deny any person from attending a school-sponsored dance.

**HOMECOMING** (Semester 1) - This dance is only for Hobart High School Students and outside guests will not be allowed.

**PROM** (Semester 2) - This dance is reserved for Hobart High School juniors and seniors. However, HHS juniors and seniors who wish to attend with someone who is not a HHS junior or senior can bring a guest but must follow the guidelines below:

- a. The student can be a sophomore **if** they attend Hobart High School
- b. HHS juniors or seniors may also elect to bring a non-Hobart High School student but must meet the following criteria: The student is academically classified as a junior or senior (by his / her school) and is in good standing OR 20 years of age or younger on the day of the dance. The Hobart High School student must submit the guest request form by the determined deadline.

All students attending dances at HHS must follow the school dress code.

**OTHER APPROVED ADMINISTRATIVE SOCIAL EVENTS**- These events are privileges and can be included when looking at LOSS OF PRIVILEGES. Examples include but are not limited to: Powder Puff Football Game, any underclassmen dances, dodge ball tournaments.

## LOSS OF PRIVILEGES/STUDENTS IN GOOD STANDING

Athletics and extracurricular activities are a privilege. In order for a student to be eligible to participate in an extracurricular activity or practice, or use the HHS facilities, he/she must be in school the full day of the activity. Additionally, involvement in these activities is limited by grades and behavior. A student who violates school rules and/or attendance/tardy policies will not be eligible to attend extracurricular activities, field trips, and other school-sponsored social functions.

To be eligible for extracurricular activities, students must remain in good standing, not accumulating ANY of the following items:

- 15 tardies (total) in a semester
- 5 unexcused absences in a semester
- 3 in-school suspensions in a semester
- 2 out-of-school suspensions in a semester

Should you reach ANY of these thresholds in a given semester, you will forfeit your right to attend the semester's social functions listed below:

- Homecoming activities and dance
- Prom
- Administration-approved social functions
- Field Trips (not including Field Experience)

Should you reach TWO of the aforementioned thresholds in a given semester, you will forfeit your right to attend or participate in ALL school activities for the semester, including but not limited to:

- Athletics
- Clubs
- E-Sports
- Field Trips (not including Field Experience)
- Half Day Programs (excluding graduation requirements)
- Music Events (unless required for a grade)
- JROTC Raiders

A student is eligible academically if the student is currently enrolled in at least 70% of the maximum number of full credit subjects available, or the equivalent, and the student received a passing grade in 70% of the maximum number of full credit high school subjects available, or the equivalent, in the previous Grading Period.

# ATHLETIC GUIDELINES

**NOTE:** Following each paragraph there will be clarification as to whether it is a state or local rule.

The coach of any sport is expected to take a leadership role in the imposition of athletic discipline and to support the athletic and school administration in enforcing the athletic and school rules. A coach should never adopt the role of a disinterested third party. Winning in the School City of Hobart's program is the result or product of sound instruction of techniques of the sport, of superior organization and preparation, of stressing the growth of character and leadership, and of the imposition of an effective and consistent disciplinary system and standards. The desire for a favorable win/loss record should never be an excuse for ignoring athletic skill development, character and leadership growth, and consistency in athletic discipline.

Hobart High School is a member of the Indiana High School Athletic Association (IHSAA) and the association rules apply to all athletic teams and all sports contestants enrolled in grades 9, 10, 11 and 12. Any exceptions must be approved by school administration.

An athlete who is serving in-school suspension of any duration or an out-of-school suspension is ineligible for practice(s) or competition(s) the day(s) of that suspension and is not allowed to be a member of that team either by participation or attendance, whether home or away. (local)

### G. Scholastic Eligibility

To be eligible scholastically, students must have received passing grades and earned credit at the end of their last grading period in school in at least seventy percent (70%) of the maximum number of full credit subjects that a student can take and must be currently enrolled in at least seventy percent (70%) of the maximum number of full credit subjects that a student can take.

As per IHSAA guidelines, semester grades take precedence over quarter grades. (A full credit subject is one that has full credit per semester if passed, which includes physical education course.) If I.H.S.A.A. tournament play occurs following the grading period, the athlete will be ineligible for such tournament play if he/she fails to meet the standard within the previous grading period. The athletic department may mandate a weekly scholastic check for any athlete with academic problems. The student athlete who fails to pass the required number of full credit courses at the end of the year has the option to attend a summer school program. If the athlete passes the failed subject(s), he/she will be eligible to compete in the fall season. Failure to pass the failed subject(s) in summer school will result in the student's ineligibility for the fall sport season.\* Athletic eligibility will be determined on the dates certified with the I.H.S.A.A. in September of each year.

If the maximum number of daily instructional periods:	4	5	6	7	8	9
Then the minimum number of classes student must take are:	4	4	5	5	6	7
And the minimum number of classes student must pass are:	3	4	5	5	6	7

An athlete who receives an incomplete must make up that incomplete within one week of the grading period in which the incomplete was given. If the incomplete is not made up it will be recorded as a failure. (Exceptions: long term illness or emergency situations.) (local)

Students who withdraw within the first 15 days of a quarter shall not be considered ineligible as to scholarship at the beginning of their next quarter of enrollment, provided they were eligible when they withdrew. (local)

### H. Transfer

Students who have transferred from another school shall not be certified for interschool athletics during the ensuing 365 days until the principal has on file an I.H.S.A.A. Athletic Transfer Report signed by the former school principal (exception are 7th and 8th) except when there is a delay in returning the report the necessary information may be obtained by a phone call. (state)

### I. Uniforms and Equipment

All uniforms and equipment belonging to the school must be returned to the school. If a uniform is not returned, the student must pay the present cost plus 10% of the cost of the uniform. Should this uniform reappear, the uniform will be taken by school officials even if paid by the student. If a student fails to return or pay for a uniform or equipment he/she may be declared ineligible for further athletic participation. (local)

All lockers must be cleaned out within one week after the conclusion of a sport season. (local)

If you use a personal lock it must be a combination lock only and not a key lock. Your combination must be recorded with your coach. (local)

### J. Injuries

No athlete is permitted to obtain medical treatment for a sports incurred injury and charge it to the athletic department.

The athletic department will furnish a licensed athletic trainer, at athletic events where his/her skills warrant his/her availability. All injuries should receive careful attention by the coach or trainer. It is also advised that you seek the aid of your doctor. If injured, the individual, with the school or team physician or family doctor will decide when a person is able to participate. If the trainer and/or team physician decide an athlete is not ready to participate following an injury, but the athlete's parents give permission then the following rules and regulations apply:

1. No parent can waive liability - the school continues to exercise its authority in determining participation.
2. The athlete must have a doctor's (M.D. or D.O. only) release. If the release is obtained, then the coach may dress the athlete but not play him or her if the trainer or team physician still object. The athlete may be brought to the trainer for a second evaluation after the athlete has obtained the release. If the trainer/team physician still says the athlete cannot play then their decision is final. (local)

### K. Athletic Fee

The athletic fee will be \$25.00 per athlete per season (fall/winter/spring). If an athlete competes in more than one sport per season, a single fee will cover both sports.

# V. TECHNOLOGY

## A. STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY

To utilize the district's technology, networks, e-mail and/or the Internet at school, students under the age of eighteen (18) must obtain parent permission and must sign and return the Acceptable Use Policy Acknowledgement Form. Students eighteen (18) and over may sign their own forms. Use of the district's technology, networks and the Internet is a privilege, not a right. The Corporation's Internet connection is provided for educational purposes only. Unauthorized and/or inappropriate use will result in cancellation of this privilege.

School City of Hobart considers technology integral to our learning environment and believes that it will only continue to grow in importance. In this age, students denied access to modern technology resources would be as unable to function in the learning environment as students denied books or pencils. Therefore, given that a wide variety of digital electronic devices and Internet-based technologies are utilized at all grade levels across the curriculum in support of teaching, learning, and assessing traditional and technology standards, given that many traditional resources are now available online only, and given our requirement and obligation as a school district to teach technology standards and digital citizenship, **the use of modern educational resources such as computers and the Internet is an acknowledged condition of enrollment at School City of Hobart.**

**The Corporation provides network and Internet access, and other online services, to provide students with a wealth of global resources. These services are intended to enhance and reinforce the educational development of students in a digital era. Digital citizenship is a critical component to this development and will be taught throughout the curriculum.**

**A good digital citizen is one who obeys the rules and laws while using the Internet and digital technology, respects oneself and others in the digital space, and uses a digital presence to shape the digital world in a creative way.**

The Corporation has implemented technology protection measures, which protect against (e.g. block/filter) Internet access to visual displays/depictions/materials that are obscene, constitute child pornography, or are harmful to minors. The Corporation also monitors online activity of students on the network in an effort to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that determined users may be able to gain access to information, communication, and/or services on the Internet that the School Board has not authorized for educational purposes and/or that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume the risk by consenting to allow their students to participate in the use of the Internet. **Students accessing the Internet through the school's computers assume personal responsibility and liability, both civil and criminal, for unauthorized or inappropriate use of the network and the Internet. Parents/Guardians are strongly urged to review and communicate with their child regularly responsible and appropriate use of the Internet.**

### I. Respect and Protect

Digital citizens should respect and protect themselves and others while using the Internet. The following guidelines should always be followed online.

#### a. Respect

- Follow the rules of web sites and online services when you visit or sign up.
- Only put information online that is appropriate, including pictures and videos. **Remember, posting inappropriately online CAN affect your future.**
- Only visit appropriate web sites. If you wouldn't be comfortable showing the site to your family, then it isn't appropriate.
- Act sensibly and civilly when using social media. Do not "flame" or cyberbully, and always use acceptable language.
- Do not attempt to gain access to other people's information or private profiles. Respect privacy.
- Ask others for permission before posting pictures.

#### b. Protect

- Avoid posting personal information online where anyone can see it.
- Report cyberbullying immediately.
- Set privacy settings on social media to limit who can access personal profiles and information.

### II. Wireless Communication Devices

A "wireless communication device" is a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor. The following devices are examples of WCDs: cellular and wireless phones, Smartphones, Smart Watches, Wi-Fi-enabled or broadband access devices, two-way radios or video broadcasting devices, laptops, and other devices that allow a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information. The following rules apply while using WCDs:

- a. In accordance with Indiana Code 20-26-5-40.7, students are permitted to use a wireless communication device during instructional time only in the following circumstances:
  - When specifically authorized by the teacher for educational purposes
  - In the event of an emergency (to call 911)
  - To manage the student's healthcare (permission must be granted through the Nurse's Office)
  - As permitted by the Student's Individualized Educational Plan (IEP) or Section 504 Plan

- b. **All WCDs, including personal devices, must connect to the corporation network for Internet access**, which is filtered under the corporation's technology protection measures and in compliance with laws and regulations, **even when alternative sources are available** (e.g. hotspots, cellular connectivity).
- c. Students using personal devices in school, on school property, and at school functions are required to **follow the Student Code of Conduct, and violations of this code are subject to disciplinary action.**
- d. All personal WCDs must have up-to-date antivirus protection for use on the school's network.
- e. **Under no circumstances may personal devices contain/store or be used to share or view pornography** or any other material that is obscene, objectionable, inappropriate and/or harmful to minors or in violation of state or federal laws.
- f. Students are prohibited from using a WCD to capture and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using their WCDs to receive such information.
- g. Students may use WCDs while riding to and from school on a school bus or other vehicle provided by the Board or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver or classroom teacher. Distracting behavior that creates an unsafe environment will not be tolerated.

**Students are prohibited from using WCDs to capture, record or transmit the words (i.e. audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school or while attending a school-related activity**, without express prior notice and explicit consent for the capture, recording or transmission of such words or images. Unless authorized by the building principal, using a WCD to take or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a WCD to violate the privacy rights of another person may face disciplinary actions.

**WCDs, including but not limited to those with cameras, may not be possessed, activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists.** These locations and circumstances include but are not limited to locker rooms, shower facilities, restrooms, classrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The building principal has authority to make determinations as to other specific locations and situations where possession of a WCD is absolutely prohibited.

**No expectation of confidentiality or privacy will exist in the use of WCDs on school premises/property. The School City of Hobart has the authority to access a student's personal WCD to verify compliance with the school's Code of Conduct and this policy.**

Possession of WCD by a student is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege. Violations of this policy may result in disciplinary action and/or confiscation of the WCD. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity (e.g. child pornography). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of the circumstances surrounding a particular violation. If the WCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed. Any WCD confiscated by Corporation staff will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian. WCDs in Corporation custody will not be searched or otherwise tampered with unless school officials reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a WCD to school for a designated length of time or on a permanent basis.

Students are personally and solely responsible for the care and security of their WCDs. The Board assumes no responsibility for theft, loss, damage, or vandalism to WCDs brought onto its property, or the unauthorized use of such devices.

### III. Social Media Use

The use of social media, including but not limited to blogs, online forms, wikis, social media sites, etc., may occur in the classroom for educational purposes. Users of social media are digital citizens and should follow the guidelines outlined for being a responsible user. Students must follow the Student Code of Conduct when using social media and the following rules.

- a. **Social media should only be used when instructed by a classroom teacher or building principal.**
- b. Never post material that is obscene, objectionable, inappropriate and/or harmful to minors, or that threatens, defames or harasses any individual or group of people.
- c. Never post confidential information about any person or yourself. If any personal information is shared, consider that information to be public for anyone to see.
- d. Never post false information or information as another user.
- e. Never post information that violates privacy, intellectual property, or copyright.

#### IV. Bullying/Harassment

Students are prohibited from using a WCD and/or the Internet in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying. This applies when a student is on school grounds immediately before or during school hours, immediately after school hours, or at any other time when the school is being used by a school group; off school grounds at a school activity, function, or event; traveling to or from school or a school activity, function, or event; or, using property or equipment provided by the school. Additionally, this applies regardless of the physical location when:

- a. the individual committing the bullying behavior and any of the intended targets of the bullying behavior are students attending the school within the Corporation; and
- b. the bullying behavior results in a substantial interference with school discipline or an unreasonable threat to the rights of others to a safe and peaceful learning environment.

Any person who discovers a student in possession or using a WCD in violation of this policy, or using the Internet in a way that violates this policy, is required to report the violation to the building principal.

Parent/Guardians are advised that communication through wireless communication devices with their child is not permitted during instructional time. Parents are encouraged to notify the office for emergency situations in order for the school to assist the children when necessary.

Students may not communicate with their parents through wireless communication devices during instructional time.

#### V. Artificial Intelligence

As an emerging technology, Artificial Intelligence (AI) has the potential to revolutionize how we teach and learn. School City of Hobart is committed to using AI ethically and in alignment with our vision and mission to meet students' needs. AI rules are defined as an app and service in policy and outlined below.

##### AI Tools & Systems

- **AI Output Review:** Always review and critically assess outputs from AI tools before submission or dissemination. Staff and students should never rely solely on AI-generated content without review.
- **Bias and Misinformation:** Be aware that AI-generated content may possess biases or inaccuracies. Always verify AI-produced results using trusted sources before considering them in academic work.
- **Safety & Respect:** Users must not use AI tools to create or propagate harmful, misleading, or inappropriate content.
- **Transparency:** Any use of AI to aid assignments, projects, or research must be declared.
- **Usage:** Misuse or malicious use of AI technologies will lead to disciplinary action.

##### AI Data & Privacy

- **Data Collection:** Parents, guardians, and students will be informed of specific data collection initiatives, and where applicable, consent will be sought. All AI-driven data collection will adhere to local data protection regulations and best practices.
- **Third-Party AI Tools:** The school's approved list of AI tools should always be consulted. Unauthorized AI tools might not adhere to data privacy standards and laws.
- **Personal Information:** Staff and students should never input personal, sensitive, or confidential data into any AI system without prior authorization, including any data related to student education records.

##### AI Data & Privacy

- **Assessments:** AI tools may be used as a tutor or studying assistant to prepare for assessments, such as exams or quizzes, but not in the context of completing exams or quizzes unless explicitly stated.
- **Assignments:** Teachers are responsible for clarifying appropriate or prohibited uses of AI tools. Teachers might allow the limited use of generative AI on entire assignments or parts of assignments. They should articulate why they do not allow its use in other assignments or parts of assignments. Students are expected to follow the rules outlined by their teachers regarding the use of AI for assignments.
- **Bias & Critical Thinking:** Teachers and students alike should critically evaluate AI-generated content for potential biases or inaccuracies and understand the limitations of AI and the importance of cross-referencing with trusted sources.
- **Citations:** Students should always check with the instructor before using AI for coursework. If students use AI tools for course assignments, academic work, or other forms of published writing, special attention should be given as to how to acknowledge and cite the output of those tools in the work.
- **Plagiarism:** Students are expected to follow the rules outlined by their teachers regarding the use of AI for assignments. AI tools may be used for brainstorming or preliminary research, but using AI to generate answers or complete assignments without proper citation or passing off AI-generated content as one's own is considered plagiarism. Ethical use is expected.

## CELL PHONE WCD GUIDELINES

**Student use of a Wireless Communication Device (WCD) during the school day is a privilege.** Adherence to the guidelines below is essential to maintaining an appropriate academic environment. **Abuse of this privilege will result in the consequences outlined below.**

### Guidelines:

Students may use cell WCDs (including cell phones for non-verbal communication) at the following times:

- Before and after school
- During passing periods
- At lunch in the Great Hall
- Cell phones are not to be seen or heard in classrooms unless directed by the classroom teacher.

### Students must follow the continued guidelines below:

- The use of electronic communication devices is prohibited at all times in school offices.
- The Media Center and Learning Centers function as classrooms- therefore cell phones and WCDs may not be used **UNLESS** the supervising teacher has given permission.
- The use of cellular phones for any voice communication is not permitted during school hours.
- WCDs and cellular phones may not be used under any circumstance in the hallway when using a hall pass. **From the time the bell rings for class to begin, to the time the bell rings to end class, cell phone and iPod usage in the halls is prohibited.**
- Cell phones must remain on silent all day.

Electronic music devices (MP3, iPod, etc.) are allowed to be used in the school building **only** during lunch and other non-classroom times. You must have the device put away before entering through the door of the classroom. **FOR SAFETY REASONS** the following guidelines must be followed:

- Students may not use ear buds in hallways during passing periods. A single earbud may be used during lunch and other non-classroom times.
- One, and only one, earphone/earpiece may be worn at a time, when permissible.
- The music being played must not be loud enough to be heard by another person.

Students who are in violation of the above rule will be subject to the WCD consequences listed below.

WCDs, including but not limited to those with cameras, may not be possessed, activated or utilized at any time in any school situation where a reasonable expectation of privacy exists. These locations and circumstances include but are not limited to locker rooms, shower facilities, restrooms, classrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. A building principal has the authority to make determinations as to other specific locations and situations where possession of a WCD is absolutely prohibited.

Students using cell phones/WCD or other functions on electronic devices in any manner that disrupts the educational environment, from within or from outside the classroom, or violates the rights of others, including, but not limited to, using the device in violation of our academic honesty policy, violating school conduct rules, harassing or bullying staff or students, or using their device for unlawful purposes will be subject to more severe disciplinary action, up to and including suspension and/or expulsion and may be reported to the Hobart Police Department.

Use of a **Wireless Communication Device (WCD)** in an unauthorized manner or in violation of these rules may result in loss of this privilege, additional disciplinary action (e.g., warnings, parental notification and conferences, suspension, expulsion), confiscation of the **WCD by an administrator**. If a **WCD** is confiscated, it will only be released/returned to the student and/or the student's parent/guardian after the student complies with any other disciplinary consequence that is imposed and/ or referral to law enforcement if the violation involves an illegal activity.

### Further, a parent/guardian seeking the return of confiscated property may be required to:

1. sign a waiver of further appeals of discipline of the student
2. provide identification, such as a valid Indiana drivers license or identification card, or
3. provide proof of ownership of the confiscated WCD

The Corporation is not responsible for the loss, theft, damage, or vandalism to student **WCDs** as well as other student property. Students and parents are strongly encouraged to take appropriate precautions, if students are permitted to have **WCDs** in their possession, to make sure the **WCDs** are not left unattended or unsecured.

**Cell Phone Rule:** *The respectful, non-disruptive use of cell phones is permitted when the above guidelines are followed. As soon as the threshold of the classroom or any prohibited area is crossed, during the school day, cell phones need to be put away and made undetectable (i.e., silenced without vibration).*

**Violations of Cell Phone WCD Guidelines may result in appropriate disciplinary action as determined by the administration.**

## RESPONSIBLE USE OF SOCIAL NETWORKING MEDIA FOR ATHLETICS & EXTRA-CURRICULAR ACTIVITIES

Hobart High School recognizes that students do not leave their First Amendment free speech rights at the schoolhouse gate. However, students should be concerned with any behavior that might embarrass themselves, their families, their teams, their community and/or Hobart High School. This includes any activities conducted online through social networking sites (i.e. Facebook, Instagram, Friendster, pod casting, blog sites, You Tube, Twitter, Snapchat, chat rooms, etc.).

Participation in athletics and extra-curricular activities at Hobart High School is a privilege, not a right. As a student at Hobart High School, you are a representative of the school and the community, and as such, you are always in the public eye. This fact places certain additional demands upon how you must live your life. Keep the following guidelines in mind as you participate in any of the aforementioned public media:

1. Before participating in any online community, understand that anything posted online is available to anyone in the world. Any text or photo placed online is completely out of your control at the moment it is placed online, even if you limit access to your site.
2. You are not to post information, photos, or other items that could embarrass you, your family, your team or extra-curricular activity, the Athletic Department or Hobart High School. This includes items that may be posted on your page by others.
3. You should not post your address, phone numbers, birth date, or other personal information. You could be opening yourself up to predators or stalkers.
4. Exercise caution as to what information you post on your website about your whereabouts or plans. This will help prevent stalkers or other criminally minded individuals from gaining access to you.
5. Be aware of who you add as a friend to your site. Many people are looking to take advantage of students athletes or seek connection with students to give them a sense of membership on a team or with an organization.
6. Coaches, sponsors, and administrators can and do monitor these websites. Disparaging remarks about teammates, coaches, or school officials can serve as grounds for suspension from competition or dismissal from teams, as well as possible legal ramifications.
7. Students will face disciplinary measures for violation of team/activity policies, athletic department policies, school policies, state athletic association guidelines and/or state and federal laws. Any admissions of conduct in violation of any of these policies or laws found on a student's website will subject him or her to disciplinary measures. Any depictions of conduct in violation of any of these policies or laws found on a student's website will be subject to a full investigation and possible discipline based on the outcome.

Also keep in mind that local police or sheriff's offices or other law enforcement agencies may check these websites regularly.

Be aware of the fact that many employers and colleges also monitor these sites. You should be aware that any information posted on these websites may prevent you from obtaining a job or prevent you from attending the college of your choice.

## CHROMEBOOK PROTECTIVE CASE

**Students will receive a Chromebook and a protective case for their Chromebook.** Chromebooks must remain in the protective case at all times. Chromebook insurance may be invalid if the Chromebook is not kept in the protective case.

## SKYWARD FAMILY ACCESS

The School City of Hobart encourages students and parents to use the online Skyward Family Access system. This system allows parents and students to:

- Check Grades
- Note attendance
- Review class schedules
- Confirm assignments
- Inspect discipline reports

Parents are encouraged to take an *active* role in monitoring and discussing their child's grades and progress. This is an opportunity for students to take responsibility for their own learning. If you need help accessing the Skyward Family Access system, please contact the Technology Department Secretary at 219-942-1388 for more information.

# VI. TRANSPORTATION

## BUS TRANSPORTATION TO SCHOOL

The school provides bus transportation for all students who live farther than one mile from the school. Homeless students are eligible to receive transportation services. The bus schedule and route is available by contacting the Transportation Director or her Administrative Assistant at 947-2413.

Students will ride only assigned school buses and will board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, as approved by the Principal.

Students and families are encouraged to download the free Here Comes the Bus app which uses GPS to let users know when the bus is approaching the bus stop.

## BUS CONDUCT

In the interest of safety, students are expected to abide by all school rules and regulations on school buses and at bus stops. It is the duty of the bus drivers to safely transport children, just as it is the duty of parents to acquaint children with the type of behavior required, and to insist that they behave while riding the bus. It is a privilege for a student to have bus service, and this privilege is retained by obeying the established rules.

School City of Hobart maintains the legal right to discipline school children who are being transported by the corporation. Students who do not follow the rules may have their riding privileges suspended.

Students who are riding to and from school on transportation provided by the school are required to follow basic safety rules. This applies to school-owned buses as well as any contracted transportation that may be provided. The driver is responsible for student safety and may assign seating or direct the student in any reasonable manner to maintain that safety.

The following behaviors are expected of all students:

### A. Prior to Loading

Each student shall:

1. be on time at the designated loading zone (5 minutes prior to scheduled stop)
2. stay off the road at all times while walking to and waiting for the bus
3. line up single file off the roadway to enter, remain in line until the bus arrives
4. not disrupt or harm property surrounding the bus stop in any manner
5. keep your hands, feet, and other objects to yourself
6. not play games, or with toys or other objects
7. use an inside voice
8. leave the snow alone
9. wait until the bus is completely stopped before moving forward to enter
10. refrain from crossing a roadway until the bus driver signals it is safe to do so
11. go immediately to a seat and be seated (If you have an assigned seat, you must sit there.) It is the parents' responsibility to inform the bus driver when their student will not be boarding the bus. The bus will not wait.
12. In the afternoon, middle and high school students should get their items needed to go home as quickly as possible and head straight to the bus. Buses will pull away from the school promptly at 2:42 PM.

### B. During the Trip

Each student shall:

1. remain in one seat for the duration of the trip, unless the driver instructs them to move to a different seat
2. keep head, hands, arms, legs, and objects inside the bus at all times
3. not litter on the bus or throw anything from the bus
4. keep books, book bags/backpacks, musical instruments, coats, and all other objects out of the aisle
5. not bring skateboards, skates, rollerblades, bicycles, big boxes (including fundraising materials), large school projects, or any other items that unnecessarily take student seating space on the bus
6. be courteous to the driver and to other bus riders
7. not play games, cards, etc. (Middle school/high school students can use headphones or ear buds/pods to listen to their phones. Only the person who owns the phone, or someone in their seat should see it. It should not be shown all over the bus. Phones should not be used for calling or taking photos or videos of any kind with or without a flash on the bus. Chromebooks should be kept in book bags or backpacks.)
8. not tamper with the bus or any of its equipment
9. only put windows halfway down which is 3 notches or approximately 5 ½ inches when the weather is appropriate to do so and the driver allows
10. not possess any opened food or drink
11. use an inside voice
12. not talk while stopped at railroad crossings

### **C. Leaving the Bus**

Each student shall:

1. remain seated until the bus reaches the student's designated bus stop
2. cross the road, when necessary, at least twelve (12) feet in front of the bus, but only after the driver signals that it is safe
3. be alert to a possible danger signal from the driver

The driver will not discharge students at places other than their assigned stop near home or at school unless s/he has proper authorization from school officials.

### **Digital Video Recorders on School Buses**

The School Board has authorized the installation of digital video recorders on school buses for the purposes of monitoring student behavior.

If a student is reported to have misbehaved on a bus and his/her actions were digitally recorded, the tape will be submitted to an administrator and may be used as evidence of the misbehavior. Since these recordings are considered part of a student's record, they can be reviewed only in accordance with Federal Law.

### **Penalties for Infractions**

A student who becomes a behavior problem on the bus shall be disciplined in accordance with the Student Discipline Code and may be deprived of the privilege of riding on the bus.

# APPENDIX A

## STUDENT DUE PROCESS

### CODE OF CONDUCT, RESPONSIBILITIES, AND PROCEDURAL RIGHTS

The following student code is primarily a statement of the code of conduct, responsibilities and procedural rights for students concerning discipline. While it relies heavily on Board Policy, it is not a restatement of that policy. For a complete text of the Board Policy on Students, each administrative office of the School City of Hobart (SCOH) has a copy of School Board Policy for review; and it is also available on the SCOH's website.

#### I. STATEMENT OF THE SCHOOL CITY OF HOBART

##### A. Purpose of Policy on Student Discipline.

The mission of the school to assist students in the transition to responsible adulthood requires instilling in students those mature habits of behavior required by a democratic society. The Board recognizes that the disruptive behavior of an individual student deprives other students of their right to a school conducive to learning and does not promote those habits. The Board also understands that children and young adults cannot always be held accountable to the strict standards of behavior demanded of adults.

Just as education must seek innovative methods to meet the educational needs of individual students, so must discipline policies permit those with authority over student behavior to find creative methods to instill those habits and serve the discipline needs of students. It is with understanding of all these concerns that the Board of School Trustees adopts specific policies relating to student discipline. In addition, school handbooks reflect the regulations for individual buildings and may contain additional rules for student behavior, so long as they do not violate either the letter or intent of Board Policy.

##### B. Legislative Purpose. IC 20-33-8 *et seq.*

1. Student supervision and the desirable behavior of students in carrying out school purposes are the responsibility of a school corporation and the students of a school corporation.
2. In all matters relating to the discipline and conduct of students, school corporation personnel stand in the relation of parents and guardians to the students of the school corporation. Therefore, SCOH personnel have the right, subject to this chapter, to take any disciplinary action necessary to promote student conduct that conforms with an orderly and effective educational system.
3. Students must follow responsible directions of school personnel in all educational settings and refrain from disruptive behavior that interferes with the educational environment.

#### II. SCHOOL CITY OF HOBART GRANT OF AUTHORITY TO MAINTAIN DISCIPLINE

Recognizing that the behavior of some students may be so disruptive that it interferes with school purposes or educational functions of the SCOH, school officials may find it necessary to remove a student from the school. In this event and in accordance with the provisions of IC 20-33-8-6 *et seq.*, the Board of School Trustees authorizes administrators and staff members to take the following actions:

- A. Removal from Class or Activity.** A teacher or administrator will have the right to remove a student from his/her class or activity for a period of up to one (1) school day if the student is assigned regular or additional work to be completed in another school setting.
- B.** A staff member with approval of the building Principal or his/her designee may remove a student from a school activity, function, event or class that he/she supervises or that is supervised by a teacher or another staff member.
- C. Suspension from School – Principal.** A school Principal (or designee) may deny a student the right to attend school or take part in any school function for a period of up to ten (10) school days.
- D. Expulsion.** In accordance with the due process procedures in this handbook, a student may be expelled from school for a period no longer than the remainder of the current semester plus the following semester, with the exception of violations listed in IC 20-33-8-16.

Note: In addition to the foregoing actions, school officials are authorized to take additional disciplinary actions, including but not limited to, counseling, conferencing, rearranging schedules, detention, restriction of activities, removal from transportation and removal from any activity or event in accordance with IC 20-33-8 *et seq.* and Board Policy. Some of these specific disciplinary alternatives are set forth in Indiana Code.

#### III. RULES OF STUDENT CONDUCT/GROUNDS FOR SUSPENSION AND/OR EXPULSION

##### A. Jurisdiction. The grounds for suspension or expulsion apply when a student is:

1. On school grounds immediately before, during or immediately after school hours and at any other time when the school is being used by a school group;
2. Off school grounds at a school activity, function, or event; or
3. Traveling to or from school or a school activity, function, event or during the lunch period.

While students may not be under the direct supervision of school officials during these periods, each student shall observe the rules of conduct set forth above and shall be subject to the prescribed punishment for such violations.

## B. Grounds for Student Suspension and/or Expulsion.

The following are the grounds for student suspension or expulsion, subject to the procedural requirements of IC 20-33-8-14 *et seq.* and as stated by school corporation policy:

1. Student misconduct. \*
2. Substantial disobedience. \*

\*The following specific acts set forth below are **examples of student misconduct and/or substantial disobedience**. The specific acts are in addition to or an extension of those listed in the Student Code of Conduct. These acts are prohibited and offenders will be subject to suspension and/or expulsion for such misconduct or substantial disobedience. The list of specific acts is not exhaustive and the SCOH does not limit its ability to discipline students for only the acts described herein:

1. Using violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or other comparable conduct constituting an interference with school purposes, urging other students to engage in such conduct, or possessing any firearm, explosive, or other weapon. The following enumeration is illustrative of the type of conduct prohibited by this subdivision:
  - (a) Occupying any school building, school grounds, or part thereof with intent to deprive others of its use.
  - (b) Blocking the entrance or exits of any school building or corridor or room in any school building with intent to deprive others of lawful access to or from, or use of the building, corridor, or room.
  - (c) Setting, or attempting to set fire to, any school building or property.
  - (d) Prevention of or attempting to prevent by physical act the convening or continued functioning of any school or educational function, or of any lawful meeting or assembly on school property.
  - (e) Continuously and intentionally making noise or acting in any manner so as to interfere seriously with the ability of any teacher or any of the other school personnel to conduct the educational function under his/her supervision. This subsection shall not, however, be construed to make any particular student conduct a ground for expulsion where such conduct is constitutionally protected as an exercise of free speech or assembly or other right under the Constitution of Indiana or the United States.
2. Trespassing, vandalizing school property, causing or attempting to cause substantial damage to school property, stealing or attempting to steal school property of substantial value, or repeatedly damaging or stealing school property. Causing or attempting to cause substantial damage to valuable private property; stealing or attempting to steal valuable private property or repeatedly damaging or stealing private property.
3. Intentionally causing or attempting to cause physical injury or intentionally behaving in such a way as could reasonably cause physical injury to any person. It is the School Board's position that students must learn to deal with conflict in a mature manner. This includes learning alternative responses to physical confrontation.

Self-defense or reasonable action \* undertaken on the reasonable belief \*\* that it was necessary to protect some other person does not, however, constitute a violation of the provision.

\*For the purpose of this policy code, "reasonable action" shall mean the course of action which:

- (a) Utilizes physical force only when non-physical alternatives (e.g. retreat, or notification of supervisory personnel) are not available; or
- (b) Does not constitute the initiation of a physical confrontation.
- (c) Does not utilize excessive force.

\*\*For the purpose of this policy and code, "reasonable belief" shall be:

- (a) Belief that no non-physical alternatives were available; and
  - (b) The student acts in a manner of a reasonably prudent person.
4. Threatening or intimidating any student for the purpose of, with the intent of, obtaining money or anything of value from the student.
  5. Knowingly possessing, handling, using, or transmitting a knife or any other object that can reasonably be considered a weapon. A student who must use a knife as part of an organized activity held by an organization that has been approved by the Principal of the school is exempt so long as the knife is used as a part of or in accordance with the approved organized activity.
  6. Knowingly possessing, using, consuming, transmitting, selling or being under the influence of any narcotic drug, prescriptive drug for which the person in possession has no prescription, or unauthorized use of over-the-counter medication, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, or intoxicant of any kind. A student who knowingly or intentionally delivers or finances the delivery of any substance, other than a controlled substance or a drug for which a prescription is required under federal or state law, that: is expressly or impliedly represented to be a controlled substance; is distributed \* under circumstances that would lead a reasonable person to believe that the substance is a controlled substance; or by overall dosage unit appearance, including shape, color, size, markings, or lack of markings, taste, consistency, or any other identifying physical characteristic of the substance, would lead a reasonable person to believe the substance is a controlled substance; commits dealing in substance, a major rule violation. In any disciplinary proceeding brought under this section, it is not a defense that the person believed the substance actually was a controlled substance.

\*In determining whether representations have been made, , or whether circumstances of distribution exist, the trier of fact may consider, in addition to other relevant factors, the following:

Statements made by the owner or other person in control of the substance, concerning the substance's nature, use, or effect.

Statements made by any person, to the buyer or recipient of the substance, that the substance may be resold for profit.

Whether the substance is packaged in a manner uniquely used for the illegal distribution of controlled substances.

Whether the distribution included an exchange of, or demand for, money or other property as consideration; and the amount of the consideration was substantially greater than the reasonable retail market value of the substance.

### **C. Attempt to Violate above Rules**

A student attempts to commit a school rule violation when the student knowingly engages in conduct that constitutes a substantial step toward violation of a school rule listed above. A student may be suspended and/or expelled for attempting to violate a school rule listed above. It is no defense that, because of a misapprehension of the circumstances, it would have been impossible for the student to commit the rule violation attempted.

### **D. Expulsion for Firearms and/or Deadly Weapons**

1. Expulsion for firearms. Under IC 20-33-8-16, a student who is:

(a) Identified as bringing a firearm to school or on school property; or

(b) In possession of a firearm on school property; Notwithstanding other limitations, on suspension and expulsion in this policy, must be expelled for a period of one (1) calendar year, with the return of the student to be at the beginning of the first school semester after the end of the one (1) year period. The Superintendent will notify the prosecuting attorney of the offense. The Superintendent may on a case by case basis, modify the period of expulsion under this policy.

2. Expulsion for deadly weapon. Under IC 20-33-8-16, a student who is:

(a) Identified as bringing a deadly weapon to school or on school property; or

(b) In possession of a deadly weapon on school property; may be expelled for a period of not more than one(1) calendar year. A firearm is not considered a deadly weapon for this purpose.

3. A student with disabilities (as defined in IC 20-35-7-7) who possesses a firearm is subject to procedural safeguards of 20 U.S.C. 1415.

E. In addition to the grounds specified in of this policy, a student may be suspended or expelled for engaging in unlawful activity on or off school grounds if:

1. The unlawful activity may reasonably be considered to be an interference with school purposes or an educational function; or

2. The student's removal is necessary to restore order or protect persons on school property; including an unlawful activity during weekends, holidays, other school breaks, and the summer period when a student may not be attending classes or other school functions.

F. A student in good standing has full rights with respect to participation in activities of the school, both academic, co-curricular, and extra-curricular, subject to any restrictions which apply to all students. A student is not in good standing during the period of time they are under suspension or expulsion, regardless of whether they may be allowed to attend school. A student not in good standing may not participate in any school activity, inclusive of but not limited to contests, practices, ceremonies, dances, or trips, whether academic, co-curricular or extra-curricular, except as agreed to as part of an alternative educational program or upon approval from the Superintendent.

G. A student may be expelled from school if the student's legal settlement is not in the attendance area of the school corporation where the student is enrolled.

## **IV. DUE PROCESS RIGHTS**

Before a decision is made as to whether or not to suspend or expel a student from school, the School will follow specific procedures.

### **Suspension from School**

When a student is being considered for a suspension, the administrator in charge will notify the student of the reason. The student will then be given an opportunity to explain his/her side. After that informal hearing, the administrator in charge will make a decision whether or not to suspend. If a student is suspended, his/her parents will be notified, in writing, of the reason for and the length of the suspension.

### **Make-Up Work**

When a student is suspended, the student may make-up work missed while on suspension. Any learning that cannot be made up such as labs, field trips, skill-practices, and the like or any learning that the student chooses not to make-up may be reflected in the grades earned. Two (2) suspensions for truancy or an expulsion may result in the revocation of the student's driver's license.

### **Expulsion from School**

If, in the Principal's opinion, the alleged infraction warrants a longer period of removal from school, the Principal shall refer the case to the Superintendent for consideration for expulsion. The Superintendent shall review the case and may appoint a designee to conduct the expulsion meeting. This person may be an attorney or an administrator who has not been involved in the particular expulsion case or circumstances leading to it.

## Notice of Expulsion Meeting

The student and/or the parent(s) will be notified of the time and place of the expulsion meeting and their rights in connection with that meeting as well as their right to waive the meeting if they choose to do so. The expulsion examiner, appointed by the Superintendent, will issue a written decision following the expulsion meeting.

## Appeal of an Expulsion

The student or his/her parents may appeal the decision to the appropriate court.

### A. Suspension Procedures:

When a Principal (or designee) determines that a student should be suspended, the following procedures will be followed:

1. A meeting will be held prior to the suspension of any student. At this meeting the student will be entitled to:
  - (a) A written or oral statement of the charges against the student;
  - (b) If the student denies the charges, a summary of the evidence against the student will be presented; and
  - (c) The student will be provided an opportunity to explain his or her conduct.
2. The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of the suspension.
3. Following suspension, the parents or guardians of suspended students will be notified in writing. The notification will include the dates of the suspension, describe the misconduct, and the action taken by the Principal.

### B. Expulsion Procedures

When a Principal (or designee) recommends to the Superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The Superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
  - (a) Legal counsel;
  - (b) A member of the administrative staff who did not expel the student and was not involved in the events giving rise to the expulsion.The Superintendent or the person designated by the Superintendent under this subsection may continue the suspension of a student for more than the ten (10) school day period of the Principal's suspension and until the time of the expulsion decision under this section if the Superintendent or the designated person determines that the student's continued suspension will prevent or substantially reduce the risk of:
  - (a) Interference with an educational function or school purposes; or
  - (b) A physical injury to the student, other students, school employees, or visitors to the school if the reasons for it are enumerated.However, a student may not be suspended from school pending a meeting on a student's proposed expulsion if the expulsion is ordered under the section permitting expulsion for violation of the legal settlement provisions. [IC 20-33-8-17]
2. An expulsion will not take place until the student's parents are asked to appear at an expulsion meeting conducted by the Superintendent or the person designated above. Failure by a student or a student's parent to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school Board.
3. The request to appear at the expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the date, time, place and purpose of the meeting.
4. At the expulsion meeting, the Principal (or designee), will present evidence to support the charges against the student. The student or parents will have the opportunity to answer the charges against the student and to present evidence to support the student's position.
5. If the expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parent.
6. A student or a student's parent who fails to appear at an expulsion meeting after receipt of a request to appear forfeits all rights administratively to contest and appeal the expulsion. For purposes of this section, a request to appear at an expulsion meeting or notice of the action taken at an expulsion meeting is effectively given at the time when the request or notice is delivered personally or sent by certified mail to a student or the student's parent. [IC 20-33-8-19]

Any rights granted to a student or a student's parent by this chapter may be waived only by a written instrument signed by both the student and the student's parent. The waiver is valid if made voluntarily and with the knowledge of the procedures available under [IC 20-33-8-28] and of the consequences of the waiver.

7. Except in the case of possession of a firearm or a weapon, a student may not be expelled for a longer period than the remainder of the school year in which the expulsion took effect if the misconduct occurs during the first semester. Whenever a student is expelled during the second semester, the expulsion remains in effect for summer school and may remain in effect for the first semester of the following school year, unless otherwise modified or terminated by order of the governing body. The appropriate authorities may require that a student who is at least sixteen (16) years of age and who wishes to re-enroll after an expulsion or an exclusion attend an alternative program. [IC 20-33-8-20]

8. An expulsion that takes effect more than three (3) weeks before the beginning of the second semester of a school year must be reviewed before the beginning of the second semester. The review shall be conducted by the Superintendent or a person designated under section 19(a) of [IC 20-33-8-19] after notice of the review has been given to the student and the student's parent. The review is limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original meeting. The review may lead to a recommendation by the person conducting the review that the student be reinstated for a second semester. [IC 20-33-8-20]
9. An expulsion that will remain in effect during the first semester of the following school year must be reviewed before the beginning of the school year. The review shall be conducted by the Superintendent or person designated under section 19(a) of [IC 20-33-8-19] after notice of the review has been given to the student and the student's parent. The review is limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original meeting. The review may lead to a recommendation by the person conducting the review that the student be reinstated for the upcoming school year. [IC 20-33-8-20]

Judicial review of a governing body's action under [IC 20-33-8-21] by the circuit or superior court of the county in which a student who is the subject of the governing body's action resides is limited to the issue of whether the governing body acted without following the procedure required under [IC 20-33-8 et seq.].

[IC 20-33-8-21]

10. In lieu of suspension or expulsion in the appropriate circumstance, the Principal of the school where the recipient of the disciplinary action is enrolled may assign a maximum of 120 hours of approved community service with a nonprofit organization operating in or near the community where the school is located or where the student resides and assignment of such services suspends the student's suspension or expulsion. The following apply to service assigned under this subdivision:
  - (a) A Principal may not assign a student under this subdivision unless the student's parent or guardian approves:
    - (1) The non-profit organization where the student is assigned; and
    - (2) The plan the student is expected to perform.A student's parent or guardian may request or suggest that the Principal assign the student.
  - (b) The Principal shall make arrangements for the student's service with the nonprofit organization. Arrangements must include the following:
    - (1) A plan for the service that the student is expected to perform.
    - (2) A description of the obligations of the non-profit organization to the student, the student's parents, and the school corporation where the student is enrolled.
    - (3) Monitoring of the student's performance of service by the Principal or the Principal's designee.
    - (4) Periodic reports from the nonprofit organization to the Principal and the student's parent or guardian of the student's performance of the service.
  - (c) The nonprofit organization must obtain liability insurance in the amount and of the type specified by the school corporation where the student is enrolled that is sufficient to cover liabilities that may be incurred by a student who performs service under this subdivision.
  - (d) Assignment of service under this subdivision suspends the implementation of a student's suspension or expulsion. A student's completion of service assigned under this subdivision to the satisfaction of the Principal and the nonprofit organization terminates the student's suspension or expulsion.

(20-33-8 et seq.)

11. The Principal or administrator who has students under his/her care may refer a student to juvenile court when the student physically assaults a person having authority over the student. As used in this subsection, "physical assault" means the knowing or intentional touching of another person in a rude, insolent, or angry manner. When a student physically assaults a person having authority over the student, the Principal of the school where the student is enrolled shall make a referral of the student to the juvenile court having jurisdiction over the student. However, a student with disabilities (as defined in IC 20-35-7-7) who physically assaults a person having authority over the student is subject to procedural safeguards under 20 U.S.C. 1415.

### C. Parental Involvement

When in the judgment of a school administrator who has the responsibility for student discipline or who has the duty of conducting an expulsion meeting, it is necessary for the parents to attend a conference or a hearing, the following rules, per the authority granted in [IC 20-33-8-19], shall apply:

1. The administrator shall notify the parents by certified or registered mail or personal service that they are directed to attend a school conference or hearing.
2. The parent shall be given at least twenty-four hours notice prior to such conference or hearing unless an emergency situation necessitates less than such notice.
3. The student who is the subject of the conference will also be given written notice of such conference or hearing and the direction of parental attendance.

4. The foregoing rules will not be construed to interfere with the powers of the Superintendent or a person designated by him/her to issue subpoenas or to compel the attendance of witnesses.
5. Non-compliance of the responsible person(s) with the provisions of this policy shall be considered educational neglect and the child shall be considered a "child in need of services" in accordance with IC 31-6-4-3(a) (7), and the matter shall be referred to the Child Protective Services Division of Public Welfare. Such complaint process will be terminated in the event that the parents are willing to subsequently attend a re-scheduled meeting unless the required meeting has been required to be held. The foregoing provisions shall not apply to expulsion meetings where non-attendance will constitute waiver.
6. In the event that a parent fails or refuses to attend a conference or meeting, notice will also be given to the Superintendent or his/her designee.
7. In those instances where it appears the custodial parents of a student are not fulfilling their legal obligation with regard to their children's school attendance, referral to the county prosecuting attorney for investigation of possible criminal charges against said parents may be made.
